Bellevue College Vision, Core Values and Mission

Vision: Bellevue College is the region’s college of choice, based on its excellence, innovation, and national recognition for exemplary programs.

Core Values: We, the Board of Trustees, faculty, staff, and administration of Bellevue College, place students at the center of all we do and support and promote the excellence of their efforts. We affirm and embody pluralism; value collaboration and shared decision making; and honor creativity and innovation. We consider it our duty to anticipate changing demands in education and welcome the opportunity to shape its future. We acknowledge our responsibility to society and embrace the belief that widespread access to excellent postsecondary education is the cornerstone of a democratic society.

Mission: BC is a student-centered, comprehensive and innovative college, committed to teaching excellence, that advances the life-long educational development of its students while strengthening the economic, social and cultural life of its diverse community. The college promotes student success by providing high-quality, flexible, accessible educational programs and services; advancing pluralism, inclusion and global awareness; and acting as a catalyst and collaborator for a vibrant region.

Your Educational Investment

Bellevue College is an excellent educational value, providing high academic quality and affordable tuition.

A college education:

› Secures your economic future: the earnings gap between young adults with and without bachelor’s degrees has stretched to its widest level in nearly half a century
› Provides an expanded understanding of the world and personal growth
› Exposes you to new subjects and discovery of an interest, passion or aptitude you did not know you possess

Attending Bellevue College helps you:

› Pay lower tuition rates for your first two years of college
› Get the basic classes completed before transferring to a university
› Reduce and/or postpone student loan debt, potentially saving thousands of dollars for those who need financial assistance

How much will it cost?

Attending BC costs about one-third the cost of attending a four-year Washington state college like the University of Washington, based on the average cost to attend for two years (about 90 credits) and you can earn an associate’s degree in the process!

Educational Institution | Tuition for Two Years
--- | ---
Bellevue College (Associate Degree) | $8,958 & fees*
Public Four-Year University (~90 credits) | $23,678 & fees**

Please check www.bellevuecollege.edu/tuition/ for Non-Resident, International and Bachelor’s degree rates.

*Rate based on resident tuition and mandatory fees effective at time of publishing. Figure does not include summer quarter. Always check the college website for the most current information. **Figure based on the average cost for Washington residents to attend a Washington state college for two years.

Lower cost does not mean lower quality. Research has shown that our transfer students do as well or better than students who start directly at a four-year university.

“My parents saved more than $100,000 by sending me and my siblings to Bellevue College for our first two years of college.”

How to Become a BC Student

Bellevue College is an open enrollment school so getting started is easy! Your first step is applying for admissions.

We do not require SAT, ACT, high school transcripts or a minimum GPA. We accept all students who meet requirements in one of the following categories*:

- Any applicant who has graduated from high school, or is 16 or 17 years old with a proof of a GED completion, or is 18 years of age or older.
- Currently enrolled high school students who successfully assess into college-level English. However, these students are admitted quarter-by-quarter and are not considered “continuing students” unless they have been admitted through the Running Start program.
- Selected applicants who meet the qualifications for selective-admissions programs. Some selective-admissions programs have enrollment limits and cannot accept all qualified applicants.
- If you are still in high school, you may be eligible for one of BC’s High School Programs such as Running Start.

*Some exceptions for entrance to the college are made on a case-by-case basis if you do not meet eligibility criteria.

For more information, go to: www.bellevuecollege.edu/admissions/eligibility/

Interested in learning more? Attend a BC Information Session.

We invite you to attend an information session to learn more about our degree and certificate programs, the admissions application process, assessment, advising, college programs and resources and more. Sign up now at www.bellevuecollege.edu/admissions/infosessions/.

For the steps to getting started, see page 8.

Financing Your Education

Bellevue College is an economical way to begin your college education. There are multiple ways to pay for your BC education including need-based financial aid and a host of scholarships. Payment options include:

- **Tuition Payment Plan (Self-Pay):** The Tuition Payment Plan allows for a convenient automatic payment of your tuition and fees in monthly installments each quarter. Visit www.bellevuecollege.edu/enrollment/financial/pplan/.

- **Scholarships:** The Bellevue College Scholarship Resource Program helps students locate funding for their education. To learn more, visit www.bellevuecollege.edu/scholarships/. The BC Foundation also provides opportunities for scholarships. Visit their website at www.bellevuecollege.edu/foundation/scholarships/.

- **Third Party Funding:** Options include state or federal tuition programs, Guaranteed Education Tuition Program (Get 529 Plan), or employee funded tuition.

Steps to Getting Started @ BC

Your First Time Going to College?

1. Apply for Admission & Determine Funding

Apply for admissions at www.bellevuecollege.edu. If applying for Financial Aid, apply early and be aware of deadlines.

2. Determine English & Math Placement

You can do this in a variety of ways at Bellevue College, all through Bellevue College’s Testing Services Office. You must obtain your Math and English course placements before attending a new student advising session. Please see Testing Services, including placement testing options: www.bellevuecollege.edu/testing/.

3. Attend a Bellevue Advising & Registration Kickoff (BARK) Session

Sign up for a new student advising session at www.bellevuecollege.edu/advising/first-time or visit Academic Advising on the 2nd floor of B-building to sign-up in person. Bring your English and Math assessment scores to your session. You will receive information at BARK to assist you in choosing your first quarter classes.

4. Register for Classes, including First Quarter Student Success Course

You will receive hands-on assistance with online registration as part of your BARK session. There are different options for your first quarter student success course: The First Year Experience (FYE), MCS Scholars, or STEM to Stern. You will register for one of them as part of your first quarter schedule.

5. Pay Your Tuition

See payment deadlines on page 41, or visit www.bellevuecollege.edu/registration/payments/.

Transferring-in or Prior College Experience?

1. Determine Completion of Prerequisites

If you have taken courses from another institution that meet our course prerequisites, visit www.bellevuecollege.edu/transfer/prerequisites/ to learn about clearing perquisites for course registration. Once registered for classes, request an official credit evaluation by going to www.bellevuecollege.edu/transfer/review/.

2. Meet with an Academic Advisor

While meeting with an academic advisor is recommended, it is not required prior to registration for students with previous college credits. To learn more about Academic Advising or how to schedule an appointment, visit www.bellevuecollege.edu/advising/meet or call (425) 564-2212.

3. Register for Classes

Register for classes on or after your assigned registration time by visiting www.bellevuecollege.edu/registration/register/.

English – Combination Classes

The English Department’s “combination classes” give students the opportunity to approach two topics at the same time to improve their skills and understanding of both. For example, in a 10-credit composition and literature combination, students read, discuss, analyze, and write about significant literary works. The Department recommends that students in combination classes have college-level placement unless otherwise specified. See the online schedule for more details.

Interdisciplinary Studies
Social Science Division

Interdisciplinary Studies combines the study of several subjects into one integrated course or “learning community,” usually for ten or more credits. Each IDS course features a theme that forms a common thread across disciplines. The focus of these courses is you. Students learn with each other and from each other by discussing readings in small groups (seminars), taking part in group activities, and, in some courses, by taking field trips. These programs emphasize the process of learning as well as course content. The student centered, discussion-oriented format encourages and supports different points of view and creates a social climate that promotes collaborative learning.

Parent Education
HEALTH SCIENCES, EDUCATION & WELLNESS INSTITUTE

Join a weekly class for you and your child to learn and have fun together. Classes for parents and their infants or toddlers meet once per week. Preschoolers attend a cooperative preschool on multiple days with parent participation. We also offer hands on science exploration and creative arts. Every class offers an age appropriate children's program along with parenting information providing support, skills and knowledge to help with the task of raising healthy families. Parent and child classes are located in the communities of Camation, Snoqualmie, Sammamish, Issaquah, Bellevue, Renton and Mercer Island. Registration is ongoing so call to join a class anytime.
