High School Counselor & Running Start Advisor/Rep	School Yr: _____ College Term: <input type="checkbox"/> College Quarter <input type="checkbox"/> College Semester <small style="text-align: right;">Fall, Winter, Spring Qtr. / 1st or 2nd sem.</small>
	High School: _____ District: _____
	Grade Level: <input type="checkbox"/> Junior <input type="checkbox"/> Senior <input type="checkbox"/> 5th Yr Senior ^o
	For the college term ^A above, the student will be enrolled in high school and skill center classes equaling _____ full-time equivalent (FTE).
	Student may register for a maximum of _____ college credits, without incurring college tuition costs, based on the above stated high school/skill center FTE.
	<p><i>* Weekly Minutes based on high school bell schedule.</i></p> <p>⊗ For community and technical colleges only, students qualifying for 0.60 FTE college enrollment and registered for exactly 10 credits, will be granted a 1 credit waiver for the 10th credit. For four-year baccalaureate colleges, students who qualify for 0.60 FTE may only register for 9 credits.</p> <p>• A student enrolled in both high school and skill center classes and claimed for more than a combined 1.0 FTE qualifies for 0.20 Running Start FTE. When a student is enrolled in both the high school and skill center and taking less than 1.0 FTE, the standard Running Start calculation applies.</p> <p>Δ For the fall college quarter and students enrolled in a high school with a trimester schedule, use the student's first trimester schedule. For the winter college quarter and students enrolled in a high school with a semester schedule, use the student's second semester schedule.</p> <p>o Available for meeting district, charter school, or tribal compact school's graduation requirements only (WAC 392-169-055(4)).</p>

Student & Parent/Guardian	I understand that: <ul style="list-style-type: none"> The student is responsible for understanding when his or her choice of schedule will result in tuition charges. If the student enrolls for more high school and college credits than are identified in the Running Start State Funding Limit Table, the student is responsible for: <ol style="list-style-type: none"> 1) paying all college tuition and fees associated with exceeding the college credits identified in the table; or 2) withdrawing from the excess college or high school course(s). The student is required to pay any class/lab fees charged for college classes. Enrollment in specific college classes cannot be guaranteed – even if the classes are needed to fulfill high school graduation requirements. If the student begins Running Start in winter or spring term, eligibility for the previous term(s) that year is forfeited. To add/withdraw from a course, the student must complete the college Add/Drop process by the college deadline and notify the high school counselor. The student is responsible for ensuring that college courses completed as part of the Running Start program will meet high school graduation requirements. If the student plans to transfer, it is the student's responsibility to determine college admissions policies/deadlines and whether credits will transfer. The student and parent's signatures below provide permission for the high school and college to share the Running Start student's academic records, which can include the student's grades, billing, registration, and attendance records regardless of whether FERPA rights belong to the student or parents. See the FERPA statement on the back of this form. After completing the college coursework, students are responsible for requesting official college transcripts through the college's registrar office. I acknowledge that I have read, understand, and will comply with the conditions of Running Start participation and the expectations of college course enrollment.			
	Student Signature (REQUIRED)	Date	Parent/Guardian Signature (REQUIRED)	Date

PURPOSE: The RSEVF ensures that a student's monthly enrollment does not exceed the allowable combined 1.20 full-time equivalent (FTE) limitation. This form provides the college the FTE available for Running Start enrollment, provides the high school with the enrolled colleges classes, and notifies the student and their parents/guardians if tuition charges will occur.

The RSEVF is required to be completed each college term for each student enrolling in college classes through the Running Start program, including home-based and private school students. Students attending more than one college for any college term are required to have a separate RSEVF for each college. When a student will be attending multiple colleges, the appropriate box in the upper right hand corner of the RSEVF must be checked.

If the student's high school or college enrollment changes during the college term, a revised RSEVF must be completed and the appropriate box in the upper right hand corner of the RSEVF must be checked.

FTE AND ANNUAL AVERAGE FTE (AAFTE) LIMITATIONS: Running Start students may not be claimed for a combined high school and college enrollment that exceeds 1.20 FTE for any month except January. Neither the high school nor college enrollment can individually exceed 1.00 FTE, except for students enrolled in a high school and skill center.

When a student is enrolled in both a high school and a skill center and claimed for more than a combined 1.0 FTE, the available Running Start enrollment is limited to a 0.20 FTE. When a student's combined high school and skill center enrollment is less than 1.0 FTE, the standard Running Start calculation applies.

This 1.20 FTE limitation applies to the annual average FTE (AAFTE), where a Running Start student may not be claimed for a combined high school and college enrollment that exceeds 1.20 AAFTE for the school year. High school and skill center AAFTE is the 10-month average of the FTE reported for the months September through June. Running Start AAFTE is the 9-month average of the FTE reported for the months October through June.

Students that exceed the 1.20 FTE or AAFTE may be charged tuition by the college for the credits in excess of this limitation.

EXCEPTIONS WHEN STUDENT'S MONTHLY FTE CAN EXCEED 1.20: For high schools on a trimester calendar, when the high school second trimester and the college fall quarter overlaps in December, a Running Start student can be claimed for more than a 1.20 FTE for the month of December only. When planning for the fall college quarter, counselors should use the first trimester to determine the available FTE for fall quarter.

For high schools on a semester calendar, when the high school first semester and the college winter quarter overlaps in January, a Running Start student can be claimed for more than a 1.20 FTE for the month of January only. When planning for the winter college quarter, counselors should use the second semester to determine the available FTE for winter quarter.

When a student who is claimed for more than a 1.20 FTE in either the month of December or January for the reasons above, the student may be subject to a reduced FTE or to paying tuition for the spring college quarter, if the 1.20 AAFTE would be exceeded. Completion of the Spring Quarter Eligibility Adjustment Form (SQEAF) will identify students at risk of exceeding the 1.20 AAFTE and will calculate the reduced available FTE for the spring quarter. For students whose spring quarter available FTE is reduced, a completed SQEAF must be attached to the spring quarter RSEVF and the appropriate box in the upper right hand corner of the RSEVF must be checked. Students attending more than one college for the spring quarter must have the SQEAF attached to each college's RSEVF.

For more information refer to the annual bulletin regarding the 1.20 Running Start FTE limitation.

FERPA STATEMENT: The Family Educational Rights and Privacy Act of 1974 provides that FERPA rights transfer from the parent to a student who is at least 18 and/or who has enrolled in a college, even while still enrolled in high school. Students 18 and older and/or who have enrolled at a college must give permission in writing to the college in which they have enrolled in Running Start classes for another individual to speak to the college staff about their Running Start academic records, which could include grades, billing, attendance, and registration records.

INSTRUCTIONS FOR COMPLETING THE RSEVF

STUDENT SECTION: The RSEVF begins with the student completing the first section of the form. Students who are under the age of 18 at the beginning of the college term, must provide their parent/guardian information. The student's high school student identification number (SSID) is available at the high school guidance office. If the student does not know their college student identification number (SID), refer to earlier completed RSEVFs. If the student is new to the program, the college SID is available on the processed college application.

HIGH SCHOOL COUNSELOR & RUNNING START ADVISOR/REP SECTION:

The high school counselor and Running Start advisor or representative complete this section.

School Year: Indicate the school year during which courses will be taken.

College Term: Select the college term that the student will be enrolling in. For colleges on a quarter calendar, indicate which quarter – Fall, Winter, or Spring. For colleges on a semester calendar, indicate which semester – 1st or 2nd.

High School and School District: Fill in the student's primary high school and resident school district. If the student is enrolled in a charter school or tribal compact school, leave "School District" field blank.

Grade Level: Indicate the student's grade level. Students in 11th and 12th grade are eligible to enroll in a Running Start program. Fifth year seniors are limited to only taking Running Start classes that will fulfill the student's district, charter school, or tribal compact school's graduation requirements only, pursuant to WAC 392-169-055(4) and must have participated in Running Start during their 11th or 12th grade year.

Determining the Student's High School FTE: FTE in high school and skill center classes is calculated based on a class's weekly enrolled minutes and eligible passing time. One thousand, six hundred and sixty five (1,665) weekly minutes equal 1.0 FTE. Refer to the high school and skill center master bell schedule available at the registrar or business administration office for the exact weekly minutes and the FTE for each class. Add the FTE for each enrolled class to determine the student's total high school and skill center FTE.

Determining the Student's Available Running Start FTE: Running Start FTE is based on the enrolled college credits. Fifteen college credits equal 1.0 FTE. Use the Running Start Funding Limit Table on the front page to determine a student's available Running Start FTE. Find the row with the student's high school and skill center FTE. Refer to the Max FTE column to determine a student's maximum Running Start FTE. The Max Credits column converts the maximum Running Start FTE to Running Start credits.

Recommended Running Start Classes: The student, with the help of the high school counselor and Running Start advisor or representative, should fill out the requested college courses. The high school equivalency portion of the table can be completed by the student if an official high school list of equivalencies is available. Otherwise, this section is completed by the high school counselor.

Signatures of High School Counselor and Running Start Advisor or Representative:

Both the high school counselor and Running Start advisor/representative should review the form for accuracy, enter their printed name, date, phone number, and signature.

STUDENT & PARENT/GUARDIAN SECTION: The student and parents should review the completed form for accuracy and understanding, then sign and date the acknowledgement at the bottom of the form. Students 18 and older are not required to provide a parent signature.

DISTRIBUTION OF RSEVF AND RECORDS RETENTION: Copies of the completed form should be retained by both the high school and college. The original form is kept by the student and their parent or guardian.
