

## Companies with job openings

The history of construction machinery started with the establishment of Caterpillar, Inc. in 1925, and will continue for many years to come. We are the world's largest construction machinery manufacturer, and a leading supplier of mining equipment, engines, and power generators, and have been active in Japan since 1963. In our Akashi plant, we lead the development and manufacturing of our flagship product, hydraulic excavators, and send out our cutting-edge products and technology to the world. Come join us and create products that make a difference around the globe!
