Optional Information
We believe that students with disabilities are an integral part of diversity. Unfortunately, this population is often not included in diversity research and reports on student success, and we want to do our part to change that. The information you provide will help us better understand our students and improve both DRC and other BC student services. We understand some of this information is asked on the BC application; that information is not shared with us and that's why we ask some repeat information. This information is confidential and will only be used in anonymous data analysis. If you have any concerns or questions about this, ask us! Please remember this is an optional section.
